

Bonfire Night (Guy Fawkes Night) at Battersea Park

Cristina

1. Read about Cristina's night at Battersea Park firework display.

On Bonfire night this year, I took my family to Battersea Park. There were thousands of people. Everyone was wrapped up warm in coats, hats, gloves and scarves. At 7.30 they lit the bonfire. It was enormous! It made us all feel warm and happy. We lit some sparklers and my friend Julie poured us cups of hot coffee from a flask.

The fireworks started at 8 o'clock. They were incredible! They were really beautiful. Everyone said "wow!" with each explosion. My youngest daughter was scared at first, but I held her in my arms and soon she began to enjoy them.

Afterwards, I bought some roasted chestnuts and we all ate them. They were delicious. We left at 9 o'clock and Julie gave us a lift home in her car. It was a lovely night!
